MEMORANDUM, April 27, 1978

**TO: Contract between Anaconda Sales Company and the
Babcock Wilcox Company, August 8, 1973**

FROM: BRH

This contract calls for the sale of 1,750,000 pounds of U_3O_8 to be delivered to Lucius Pitkin for conversion by Allied Chemical in the amounts of 1,135,000 during 1978 and 615,000 during 1979. The price is \$9.50 per pound for U_3O_8 delivered during 1978 and \$10.50 per pound during 1979. The other provisions are essentially the same as the Arizona Public Service Company contract except for more clauses dealing with impurities and there is apparently no escalation provision. There also is no option under this contract.
